With the recently announced second call for proposals for 2011/12 curriculum development funds and the upcoming call for 2012/13 funds, you'll want to make sure your proposal is the best it can be. Come to this workshop to learn how to use VCC's Project Management forms and templates to write a strong, well-supported proposal for your curriculum development project. The workshop will focus on specific requirements of the forms, the criteria used to assess proposals, and examples from successful proposals.
