Follow these steps to view the activity logs of students.

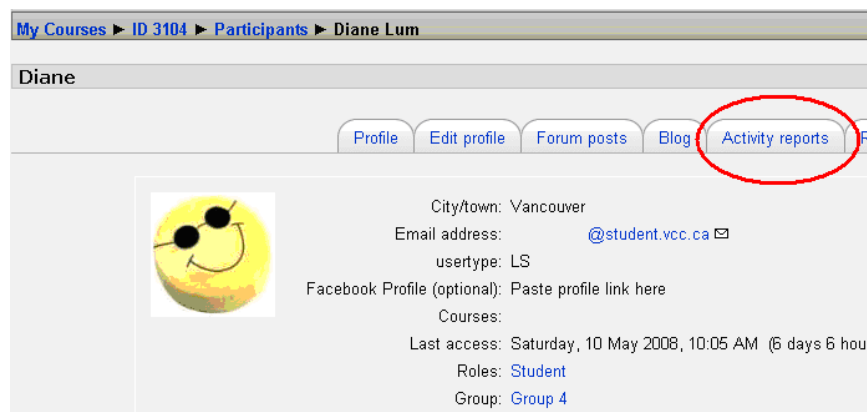

1. Select the "Participants" link near the top left of the Main Course Page.

2. Select the name of the student that you wish to view:

3. Select the "Activity Reports" link:

4. The activity reports tell you when and how often something was viewed. In the example below, the last time the student viewed anything, was also the last time he/she logged in.

The screenshot displays the Moodle interface for activity reports. At the top, there are navigation tabs: Profile, Edit profile, Forum posts, Blog, Activity reports (selected), and Roles. Below these are sub-tabs: Outline report, Complete report, Today's logs, All logs, Statistics, and Grading. The main content is divided into two sections: Week 0 and Week 1.
